

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## AN APPEAL OF THE TRUSTEES.

---

THE VINCENT MEMORIAL HOSPITAL was instituted in Boston in January, 1891, and on April 6 of that year the building No. 44 Chambers Street was formerly opened by Rev. Phillips Brooks and Rev. S. H. Winkley, for the beneficent uses of a hospital for those wage-earning women and girls who, through disability, require treatment in the intervals of their work, and have no homes where they can be properly cared for.

The absolute need of such an institution was first recognized by those in charge of the Trinity Dispensary, which is in the adjacent building of St. Andrew's Church.

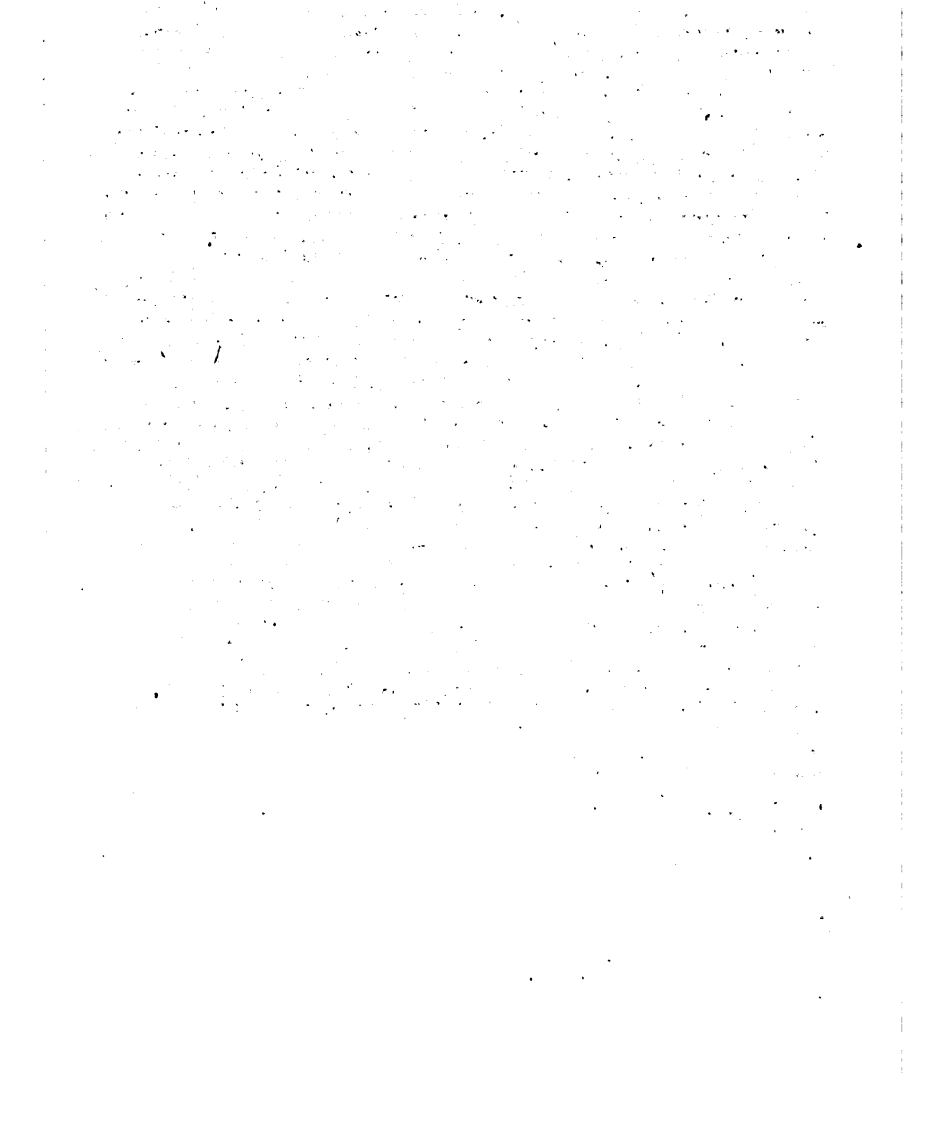

The great benefits which it has conferred upon the sick and suffering women, often the bread-winners of their families, helping or restoring them to renew

their work, have fully justified the establishment of such a hospital and plead for its continuance and support.

The fund which enabled the trustees to buy and equip the building was obtained through the generous co-operation of the friends of Mrs. Vincent, the *Boston Herald*, and *Transcript*, and those who felt the need of such a charity. Reliance for its maintenance was placed upon the kind interest which its peculiar merits might secure from those who should know the special purposes of the institution.

It is in need of funds, and this appeal to the public and the friends of the hospital is made for the money which is urgently required for the current expenses.

The trustees earnestly ask for donations by annual subscriptions, or in single sums, which may be sent to Wm. P. Blake, Treasurer, No. 2 Pemberton Square.

## REPORT.

---

In the Fourth Annual Report of the Vincent Memorial Hospital, there is little need to repeat much which has been already stated as to its general purposes and future prospects. Yet for the past year, as in former years, we have much cause for gratitude. Our little Hospital has continued to be an instrument for great and ever increasing good, a restorer to health and usefulness of valuable lives, not only of self supporters, but also of many who are the chief dependence of others, while the confidence and appreciation it has gained among those for whom it was especially founded, are clearly shown by the increased number of applications for admittance,—an admittance too often reluctantly refused for want of space.

There have been 2,474 hospital days. The average weekly cost per patient has been \$11.90, making the average daily cost \$1.70.

It may be remembered that we have long wished to be able to add the adjoining house to our inconveniently small quarters, thereby greatly increasing the usefulness and comfort of the Hospital. But this hope (by no means wholly given up) must again be deferred. The general financial depression against which so many charities have

had to contend, makes also for us any additional outlay impossible for the present, and in spite of a most careful and economical rate of expenditure has even obliged us to encroach from time to time upon the small reserve fund in the hands of our Trustees. In fact in order that the subscription list and other receipts may be increased for the coming year, an appeal of the Trustees is placed in this report, simply to secure within its present limitations the continuance of this beneficent charity.

We therefore earnestly entreat our friends and all who are interested in an Institution proved to be of the highest value, to continue their kind benefits, and above all to assist us in increasing our list of subscribers; being assured that every dollar helps to alleviate suffering, and restore to strength those who would else be burdens to themselves and to the community.

For all such help throughout the past year we are warmly grateful; for the interest and sympathy shown by thoughtful acts and acceptable gifts, as well as for generous subscriptions of money from faithful old friends and kind new ones. Among the many presents, one is especially interesting: a fine, framed photograph of Edwin Booth, whose friendly interest and generous donation of one thousand dollars, at the beginning of our undertaking, four years ago, makes this beautiful portrait an appropriate ornament to the Hospital. It was presented by Mr. William Bispham, an intimate friend of Booth, in accordance with an expressed desire of the great actor.

Our thanks are also due to Mr. Joseph Jefferson for a large and excellent photograph of himself which is highly appreciated at the Hospital.

We are greatly indebted, as in former years, to the faithful Vincent Club, whose earnest and successful efforts in aid of the Hospital will be found recorded at the end of the present Report.

The attention of our friends is asked to the following statistical tables, in order that they may appreciate in detail the good accomplished by this small Hospital in spite of its limited means. We cordially invite all who are interested, or would like to become personally acquainted with it, to visit the Hospital, where they will be welcome, any Tuesday or Friday, between two and four o'clock, P. M.

A. L. DRESEL,  
*For the Working Committee.*

NOTE.—Since the closing of the annual accounts, April 1, 1895, the Treasurer has received \$1,000 from the Vincent Club, to be held as a separate fund, subject to the future decision of the Club as to its final expenditure, and in the meantime the income to be used at the discretion of the Trustees. He has also received \$500 from Daniel G. Walton, Executor of the will of Mrs. Sarah A. Patch, of Wakefield, Mass., in payment of a legacy; also the sum of \$250 from the Good Friday Collection in Trinity Church.

## MEDICAL REPORT.

In preparing the medical part of this Report, we would say that the work during the year was somewhat embarrassed by the small quarters of the Hospital, in view of the serious nature of some of the cases which it was necessary to admit.

The Hospital staff has been organized by the Trustees and appointments made of special physicians to fill the positions created.

The nurses have been carefully trained. They have had thirty-one lectures from physicians, besides bedside instruction. They have also had instruction in cooking and massage, and have had dispensary work in the evening clinics of Trinity Dispensary.

## THE VINCENT CLUB.

The Vincent Club, now numbering one hundred and two members, has continued its work with energy and fidelity during the past year, and reports the sum of \$1,828.75 as its total earnings. Of this amount, \$582. were the proceeds of Theatricals given at Perkins Hall, April 30 and May 1; \$1,196.90 were the result of the Fair held December 4; and \$49.55 from Club Assessments.

By vote of the Club and according to its Constitution, the sum of one thousand dollars was given to the Treasurer of the V. M. H. Board of Trustees as a fund for future expenditure, subject to the decision of the Vincent Club; the interest of said amount, as well as the balance of the sum-total earned, to be used without reserve by the Hospital.

Some confusion having arisen in the public mind regarding the connection of the Vincent Club with the Hospital, the Club wishes to state that it is an entirely independent body, organized solely to benefit the Hospital, but unconnected with its management and working as a free agent for a good cause, without being responsible to the chief organization in any way.

The Vincent Club wishes to acknowledge the courtesy of the Vincent Memorial Hospital managers in kindly printing this brief report and following lists.
